What It Is, and How Cor-

Astigmatism or Irregular Vision is one of the most common of all the refractive errors. It is due to the irregular curvature of the eye known as the Cornea. Of course no instrument is sufficient to correct it, but in the hands of a thoroughly efficient and competent Eye specialist the ophthalmometer reveals the exact condition of the eye in a way that nothing else can. If your eyes need attention have DR. J. T. JOHNSON to put them under this wonderful instrument. Office hours 8:30 to 12:30; 2 to 6. 3924 S. Elm St.

THE FIREMEN'S ASSOCIATION

The Eleventh Annual Convention
In Session Today.

MAYOR TAYLOR'S WELCOME.

The Responses by Members of the
Different Departments—Notes
On the Convention.

The entertainment feature of the 11th annual meeting of the North Carolina State Firemen's Association began this morning when the new Gate City Band, dressed in their elegant new uniforms, began a march up South Elm street about 9:30. The boys have been practicing only a few months, or perhaps weeks would be more proper, but their splendid music would indicate that they had been at the business much longer. The handsome boys in their rich uniforms and shining instruments, were the subject of many complimentary remarks. Halting at the court house they discoursed a few lively airs from the upstairs veranda, and the firemen, members of the state association, met in the court room for the dispatch of business.

The court room was beautifully decorated in bright colors, the stars and stripes predominating. The association members were a fine looking body of men, most of them wearing handsome uniforms and badges.

THE MORNING SESSION.

At 10:25 President McNeill called the meeting to order and Divine blessing was invoked by Rev. T. E. Waggoner, of Centenary church, in the most appropriate and beautiful words.

Another selection was rendered by the Gate City Band, and the Mayor of Greensboro, Z. V. Taylor, was introduced by President McNeill.

MAYOR TAYLOR'S ADDRESS.

Mr. President and Members of the State Firemen's Association of North Carolina:

As the Mayor of this city, in welcoming you here to hold your State Tournament and Annual Association, I do so with mingled feelings of pride, joy, and gratitude.

Greensboro, for more reasons than one, feels a special pride in the North Carolina Firemen's Association. She looks upon the success which has crowned your efforts, and the growth which you have attained, almost with the same feelings that a mother regards her offspring; for here it was that the North Carolina Firemen's Association was organized and the first State Tournament held; and now after an absence of eleven years, the child which left its roof tree a tiny strippling, returns in the full strength of maturity, bearing its blushing honors thick upon it, and the mother can but spread wide her arms and welcome her child back home.

No mother's heart ever leaped with more ecstatic joy at the sight of her returning boy than does the great heart of Greensboro leap at the sight of your faces. She has bestowed herself in her brightest colors, and all the rich treasures of her industrial progress have been arranged in their most beautiful order to gladden your eyes. Her fair daughters are wearing their sweetest smiles for you, and the silvery tones of their voices are singing but one strain—the praises of the fire laddies.

And again Greensboro welcomes you with feelings of gratitude.

This city is proud of her position in the industrial, commercial and manufacturing world. Our growth since you last met here has been almost commensurate with your own, but we realize full well the fact, that were it not for the devotion of the brave fire boys to our city, their heroic self sacrifice and sleepless vigilance, a mound of ashes would mark the spot where now our structures of brick and granite rear their proud heads towards the blue dome above. Aye, when we lie down to sleep at night, we do so with a feeling of perfect security, knowing that the members of the North Carolina State Firemen's Association are keeping watch, and that our lives and those of our loved ones are safe in your hands.

And again Greensboro welcomes you for the reason that God has so constituted the human heart, that nothing so causes it to thrill as the countenance of a brave man. Even as children, we read Plutarch again and again, until our imaginations flamed with the Grecian story. The trophies of those ancient heroes would not let us sleep. But greater than Leonidas, as he stood at the pass of Thermopylae, with his immortal band of 300 doing battle with the innumerable hordes of Xerxes, is that fireman who stands with his nozzle in hand, his face scorched and blackened by the flames that play about him, fighting against the advance of a demon, while his comrades behind him are bearing to safety in their strong arms, the bodies of helpless women and innocent children.

Search the annals of the history of all countries, in all ages, and I challenge you to produce a sublimer spectacle of noble self sacrifice and heroic

deeds, than that exhibited during every year by that old guard which are styled firemen.

When our hearts are being thrilled at the recital of deeds of daring by Hobson in time of war, I would that we could contrast their heroic acts. Not that they might be diminished, but in order that full justice might be done, with some unknown fireman, like Sergeant Vaughn.

Four hundred years ago, that prince of chivalry, Phillip Sydney, when his dying lips were parched with a burning thirst, repulsed a cup of water and handed it to a dying comrade, saying: "Friend, thy needs are yet greater than mine," and his noble deed has been sung by the poets and recited by the orator from that day until this. But in modern times, there is never a year that passes by during which some fire company does not give to the world a Sidney, and more than a Sidney, one who not only sacrifices his last moment of comfort for the comfort of others, but one who lays down life itself, at the behest of duty, in order that others may live.

Welcome then, brave boys, thrice welcome. Greensboro throws wide open to you her gates, our citizens the doors of their homes and the avenues to their hearts. May your stay among us be as pleasant as we would have it be; then the greenest spot in your memory will be the recollections of the days spent at home with your mother.

THE RESPONSES.

President McNeill said he had so often responded himself to addresses of welcome that he had decided to ask representatives of each department to respond.

Mr. S. M. Brinson, of Newbern, responded on the part of Newbern fire department, in a beautiful speech.

Walter W. Parish, of Raleigh, was the next to respond in words of appreciation.

The fire department of Wilson responded through John L. Hare.

Wilmington through Chief Schriber.

Charlotte through Mr. B. J. Swinson.

Henderson through Mr. Whitten.

Durham through Captain Chamberlain.

Salem through Chief Meising.

Salisbury through Chief Capps.

Winston through Captain Gales.

Goldsboro through Captain Weil.

All of these responded in neat little speeches, after which President McNeill declared the 11th annual convention ready for business. He announced the meetings as open for everybody—the ladies especially.

Jos. J. Stone announced that in the grand jury room there had been provided cigars, refreshments, etc., which were free to all firemen. This statement was vociferously applauded.

Delegates were asked to land in their credentials. The committee on credentials was appointed and asked to meet and report immediately who compose the convention.

During the time the committee was out, restraint was thrown off, and those present indulged in pleasant conversation and jokes. We have seldom seen a more lively or jolly set of men than compose this meeting of firemen. President McNeill dubbed the refreshment room down stairs as an annex of the dispensary, and told the boys not to all go down at once. Our attention was called to the fact that it was arranged to have the response to the address of welcome delivered by Dr. J. Vance McGoogan, president of the Fayetteville department, but he was unavoidably absent.

Miss Combs, of this city, is taking stenographic reports of the meeting, and all we have to say is that if she keeps up with it, including the talk of President McNeill, her reputation as an expert will be fully established.

At the morning, or opening session of the convention, eleven fire departments were represented—those mentioned in the responses to the address of welcome.

After the report of the committee on credentials the convention adjourned until 2 o'clock p. m.

AFTERNOON SESSION.

Convention was called to order at 2:10 by President McNeill.

The secretary called the roll of delegates as reported by the committee on credentials.

The minutes of the last convention came up for adoption. Secretary Griffith reported that during the year he had found several minor errors. Mr. Jos. J. Stone called attention to a change he wished made in the rules for starting the horse book and ladder truck. This caused considerable discussion, the Asheville, Goldsboro and Newbern companies opposed it, and Mr. Stone withdrew his proposition for a change of rule.

Mr. Stone moved that the proceedings be approved subject to the correction of typographical errors as they may be found. On the subject of the collection of dues, secretary Griffith reported that all dues had been collected.

The report of President McNeill was exhaustive and covered all details. He announced, among many other things, that the Southern and other railways have granted the lowest rates ever giv-

ing the association. Spoke of condemning the Southern Railway one year ago, and said that now, instead of words of condemnation, he thought it meet that we express our grateful appreciation of what the road has done for us this time.

Next came the report of Secretary Griffith, in which he named the articles which have been donated by manufacturers to be offered as prizes. 38 companies are enrolled on beneficiary lists.

The other items of interest in the secretary's report will be printed later. Time and space at this time will not permit of it.

The treasurer, Thos. A. Green, of Newbern, made his report, which showed that all indebtedness has been paid and there is a nice balance in the treasury. Both the secretary and treasurer's report showed that the business of the association is in a healthy condition. Both were referred to the finance committee.

Report of the statistician, Mr. L. J. Taylor, of Newbern, was made showing the apparatus, number of firemen in the state, and the domestic and fire pressure of the waterworks in the different towns and cities in the state.

The suggestion of the President that a committee be appointed to revise the rules governing the races, was, on motion of Mr. Daniels, of Newbern, adopted.

Mr. C. H. Campbell, of Charlotte, supt. of water works, as an old fireman, an educated fireman, was introduced by Dr. Griffith and made some impromptu remarks.

Mayor McCall, of Charlotte, was presented and made a witty speech. Complimented the organization and said he was sorry to have to leave tonight. He would like to stay longer and become better acquainted.

At this juncture in the proceedings the printer made his last call for copy and we go to press. Proceedings will be continued tomorrow.

UNCLE SAM AFTER THE SMITHS.

Big Force of Revenue Men Raising in the Wilds of Stokes.

A large force of heavily armed United States deputy marshals arrived at Danbury last night about twelve o'clock where, piloted by revenue detective Geo. Priddy, they invaded the notorious Smith settlement in the wilds of Stokes county, ten miles northeast of Danbury, with the determined purpose of annihilating the many illicit distilleries in that lawless region. There have been efforts like this made before but all attempts to end the illegal manufacture of "tanglefoot" by the Smiths and their friends has proved a dismal failure, the officers in almost every instance being worsted by the attendant melee. What the success of this late raid has been is unknown at this writing, and a recount of the adventure by the officers will no doubt be interesting.

Tomorrow's Races.

At 3 o'clock tomorrow the horse racing will occur at the track. This promises to be a very interesting part of our attractions and will no doubt be well attended. Following are the entries in each class, with the purses: 3 minute class—Eddie Boy, Minnie Tucker, Princetown, Number 4, Miss Porter. Purse, \$100. 2:30 class—Sisterena, Mattie Holt, Defender, Sailaway. Purse, \$150. Free-for-all—Glencoe, Roland S, Rubico, Bill Arp, Miss Walton. Purse, \$200.

Holton's Report Completed.

Judge John Gray Bynum returned last night from Winston where on yesterday he argued before District Attorney Holton as counsel for the Salem parties who are contesting the title to the Alspaugh site upon which it is proposed to build the Twin City's new public building. Holton's report, the tenor of which is unknown, has been completed and will be forwarded to Washington at once.

This dramatic organization will present to our citizens and the visitors that laughable farce-comedy, "The Diplomats," one of the funniest things afloat. To add to the pleasure of the evening, the First Regiment band will play between the acts. Secure your seats at Farris' drug store.

YELLOW FEVER AT HAMPTON

Serious Situation at the Virginia Soldier's Home.

PUBLIC OFFICIALS ALARMED

The Cause of the Epidemic Failure to Correctly Diagnose the First Case.

From the Morning Post.
Washington, July 31—War department officers are greatly alarmed over the yellow fever situation at the Soldier's Home at Hampton.

After a conference this morning between Secretary Alger, Assistant Secretary Melklejohn, Surgeon General Wyman, of the Marine Hospital Service, and Surgeon General Sternberg, of the army, telegraphic orders were sent to Major General Wesley Merritt commanding the military department of the east, to direct the immediate removal of the garrison at Fort Monroe, three miles from the Hampton Soldiers' Home, to a place of safety on the northern coast. It was also arranged that Sternberg and Wyman should go to Hampton immediately.

The war department has consented to turn over the Josiah Simpson general hospital at Fort Monroe to the Marine Hospital service if Wyman should decide it would be desirable. Two officers and twenty enlisted men will remain at Fort Monroe.

The authorities will adopt stringent regulations to prevent spread of the disease, but it is admitted that delay in properly diagnosing the case has made the situation serious. Excursion parties have been to the Soldiers' Home since the appearance there of fever, and have departed to all parts of the country, some coming to Washington on river steamboats.

Surgeons Wyman and Sternberg held a conference today regarding steps to be taken, and it is not improbable that Norfolk and the entire country about Old Point Comfort and Hampton will be quarantined.

The epidemic is supposed to have been caused by an inmate of the home who recently went to Santiago. He came back ill, and the doctors diagnosed his illness as dengue fever. Dengue is seldom fatal, and not considered infectious or contagious, so that no extraordinary precautions were taken.

Additional cases of yellow fever were supposed to be malarial in nature, but when four men died the home authorities became alarmed and directed an autopsy to be held immediately. The autopsy was held yesterday and the physicians agreed that the deaths had occurred from yellow fever.

Telegrams were received by Surgeon General Wyman today stating that there were thirty-five cases of fever at the Soldiers' Home, four deaths, and one patient moribund, beyond hope of recovery. Men in the barracks where the fever was discovered have been removed to other quarters, and all cases and suspects have been isolated.

THOUSANDS LEAVING.

By Wire to the TELEGRAM.

Hampton, August 1—Three thousand persons have fled from here and Old Point Comfort, owing to the yellow fever outbreak at the soldiers home, and others will go today if they are able to get away, which is doubtful, as a strict quarantine has been established and the infected district is practically cut off from the world.

Armed policemen and many residents with shot guns are guarding every outlet and it is thought the fever will be confined to the home and eventually stamped out.

Three deaths are reported today, making a total of seven, out of thirty-seven cases.

No mails are allowed out from the afflicted district. Railroad communication is cut off, and it is feared that famine will be added, there being no way to get provisions into the stricken district.

SITUATION UNCHANGED.

Norfolk, August 1—The situation at the soldiers' home is unchanged this morning. The fact that no deaths occurred yesterday is regarded as cheering. Notwithstanding the rumors to the contrary, there is not a single case outside the soldiers' home, where the fever originated. The home is surrounded by a strong guard, and it seems almost certain the disease can be confined within its walls.

GUARDING AGAINST FEVER.

Jersey City, August 1—The authorities are taking every precaution to prevent the bringing of yellow fever into this city or across the river. A close watch is kept on all trains from the south and before a week passes fumigators will be stationed in the yards of all roads running southern trains, to fumigate every car from the south. The roads have each set aside a room near the depot in which will be quarantined any person suspected of having yellow fever or who may have come in contact with anybody suffering with the disease.

SEVEN AMERICANS KILLED

And Twenty Injured in Sunday's Fight.

By Cable to THE TELEGRAM.

Manila, August 1—In Sunday's fight at Colombia, the insurgents were unwilling to abandon the place, which was the key to the lake road.

Gen. Hale sent three companies of infantry and three troops of cavalry and one gun to attack the insurgents. This detachment found a force of one thousand Filipinos hastily entrenched, who held their fire until the Americans were within three hundred yards when they fired a volley. The Americans employed the high grass and returned the fire. Second Lieutenant Love, walking along in front of his men, was shot in the arm. The Filipinos finally fled. The Americans lost seven killed and twenty-one wounded. Sixteen dead insurgents were found.

COLLISION IN A FOG.

A Yacht Goes Down, It is Supposed With All on Board.

By Cable to THE TELEGRAM.

Belfast, August 1—The steamship Dromedary, during a thick fog last night, struck a forty-ton yacht, which, with all of its crew, has disappeared. It is supposed she went down with all on board. At least ten were aboard.

Fast Mail Wrecked.

By Wire to THE TELEGRAM.

Omaha, August 1—The fast mail on the Northwestern road was wrecked near Boone, Iowa, this morning. Several persons are reported killed and injured.

SEVERAL KILLED.

Omaha, Neb., August 1—The engineer and fireman and two postal clerks were killed, and five postal clerks and several trainmen injured in the wreck.

The Dolphin Injured.

By Wire to THE TELEGRAM.

New York, August 1—The dispatch boat Dolphin on its way to the navy yard, with Secretary Long on board, ran into the ferry boat New York in East River this morning, and nearly sank, but succeeded in reaching Williamsburg.

TUESDAY, AUGUST 1, 1899.

WELCOME.

Today Greensboro stands wide open.

And a hearty, cordial greeting is extended to everybody.

We invite all visitors to examine Greensboro and compare it now to what it was on the occasion of their last visit.

Notice the new and imposing buildings that have been erected.

Take a note of the number, variety and size of our wholesale establishments.

Look at the handsome blocks of new business houses and compare them with the vacant lots you used to see.

See our numerous foundries, machine shops, lumber mills, etc., and note the immense volume of business done by each one of them.

In short, fix Greensboro in your mind, and prepare yourself to see a still more marvelous growth and development by the time the firemen meet here again.

As you gaze on the ruins of the once elegant Benbow, remember that it is the aim of the brave firemen, who are now with us in their annual meeting, to so perfect themselves in the matter of fighting fire, that such scenes as that will be well nigh impossible. But remember, also, that the highest degree of efficiency on the part of the firemen, cannot be reached except where there is an abundant and adequate supply of water.

Again, welcome.

Enjoy yourselves!

The death of Hon. Henry Clay Wall, of Richmond county, which occurred yesterday morning at Blowing Rock, after an illness of only two or three days with pneumonia, removes a good citizen. Mr. Wall was a prominent and successful farmer and manufacturer, and a pure, Christian gentleman. He was a member of the present body of legislative representatives of this state and was a man of more than ordinary ability. He was an active member of the Methodist church and his death is a serious loss to his community.

More incompetence! The outbreak of yellow fever at Hampton, Va., or the national soldiers' home near there, is attributed to a failure to properly diagnose the first case which appeared. It is said that excursion parties from all over the country have visited the home since the first case appeared and that there is no telling how far the infection has reached. In the home forty cases have been reported and six deaths.

Mr. A. Saunders, writing from Coconut Grove, Fla., says there has been quite an epidemic of diarrhoea there. He had a severe attack, and was cured by four doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says he also recommended it to others and they say it is the best medicine they ever used. For sale by C. E. Holton.

The First Report.

Ottawa, July 31.—There was an outbreak of loyalty in the Canadian Commons today when the government introduced a resolution of sympathy with the cause of the Uitlanders of the Transvaal.

You assume no risk when you buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. C. E. Holton will refund your money if you are not satisfied after using it. It is every where admitted to be the most successful remedy in use for bowel complaint and the only one that never fails. It is pleasant, safe and reliable.

An uptown girl is so jealous of her beau's attentions that she won't even allow him to embrace an opportunity.

Kodol Dyspepsia Cure cures dyspepsia because its ingredients are such that it can't help doing so. "The public can rely upon it as a master remedy for all disorders arising from imperfect digestion."—James M. Thomas, M. D.; in American Journal of Health, N. Y. Howard Gardner.

A STRONG PROTEST.

Entered Against the Appointment of a Negro Postmaster.

Special to THE TELEGRAM.

Washington, August 1.—Senator McLaurin, of South Carolina, is in the city for the purpose of leading a delegation from Florence, to protest against the appointment of a negro postmaster in that town. The name of the appointee is Rev. Joshua Wilson, who is said to be a colored man of intelligence. He held the office twice before this, serving the last time during the administration of President Harrison. At the postoffice department his record as postmaster is said to be a good one, and that he gave satisfaction to the department officials. The opposition to his appointment arises purely from the fact of his color. Senator McLaurin is preparing to protest against the granting of a commission to him, not because he is held to be in any way incompetent, but because public sentiment in Florence, and in the state, and throughout the south is against the policy of conferring such appointments upon colored persons. It is held that when he was postmaster before, Florence was a small town, and that the negro population was largely in the ascendancy. Now, however, Florence has become an important railroad center, and is the chief town in the eastern portion of the state, and the white element is largely in the ascendancy.

The outlook is that even the influence of Senator McLaurin, who is conceded to have a strong "pull" with the administration, will not be sufficient to secure a revocation of the appointment of Wilson. Senator McLaurin stated the other day that the sentiment of the best element of the town of Florence is against the appointment, and that while there is considerable indignation felt, there is no talk, as reported in press dispatches of wreaking vengeance upon the postmaster, who is not held personally responsible for accepting a position tendered to him. He believes, however, that the policy of such appointments is an evil one.

The report of the outbreak of yellow fever at the soldiers' home at Hampton, Va., created much comment yesterday at the marine hospital. Surgeon General Wyman upon receipt of the intelligence took precautions to prevent an epidemic of the disease. No fear is felt of its spread as the marine hospital as well as the Virginia authorities have taken steps to quarantine the home. Immediately upon the receipt of the intelligence Dr. Wyman ordered Surgeon White, of this city, and Surgeon Wertenbaker, of Wilmington, North Carolina, to proceed at once to Hampton to ascertain what steps are necessary to be taken. Additional assistance will be sent to Hampton as soon as the exact condition of affairs is definitely known, if it is considered necessary. There is no danger of the spread of the disease to Washington, as the home has already been quarantined both from Hampton and Norfolk, as well as from Newport News. If necessary a quarantine could be established at Alexandria and Washington from all three of these Virginia towns, but it will not be necessary according to the marine hospital officials.

News was received in Washington the other day of the serious illness of Mr. K. Kemper. Mr. Kemper recently left this section for Mississippi where he went as the representative of the Southern Railway.

Mr. Kemper is a prominent citizen of Alexandria, and is well known throughout the south. He is a brother of the late Hon. Delaware Kemper, who was during the administration of Cleveland, United States Consul to Amoy. He left for Mississippi about two months ago.

Among prominent southern men in Washington is Mr. Nat Burbanks, the well known managing editor of the New Orleans Picayune. During the civil war Mr. Burbanks was a Union soldier, but at the close of hostilities settled in Louisiana. He has become well known in newspaper circles, his fame resting principally upon his ability as a writer of witty paragraphs.

Miss Anna Champlain, of Florida, who is spending the summer at Blowing Rock, North Carolina, will not return to Florida next winter, but will come to Washington where she intends entering Washington College, of this city. She will come to Washington early in the fall.

The site of the postoffice at Montgomery, Montgomery county, North Carolina, has been changed 448 yards southeast. Henry L. McRae has been commissioned postmaster.

Several cases were disposed of by the mayor in his official night. Two women were arraigned for scrapping and disturbing the peace; both pleaded guilty. Then there were two or three cases against boys for being drunk and disorderly—one of which had to be withdrawn as the defendant failed to show up. The participants in the one scrape pleaded guilty.

Quite a number of people left here on the trains yesterday morning and night for Greensboro and a larger number went down today at noon. From now until Saturday the trains going north will carry hundreds of people from here to Greensboro.

Miss Beatie Hoskins and Mr. John Marsh, both of this city, were married early this morning. Rev. J. R. Scroggins, of the M. E. Church, officiated. They left on the southbound local for Asheville. The marriage was quite a surprise to the friends of the young people as most of them had no intimation of the event, but all of whom will wish the happy couple bon voyage and much happiness through life. Congratulations.

JOE LEE.

A Battle Scarred Veteran.

The Odell Hardware Company are agents for the Remington typewriter. A few days ago they received the following letter from the Remington Standard Typewriter Company:

"In December, '94, we sold typewriter No. 62,382 to the U. S. Government and it was in use on the battleship Indiana during the engagement of Santiago in which Cervera's fleet was destroyed. During the battle a Spanish shell entered a passage way of the ship near the officers quarters, and exploding struck, among other things, this typewriter. It was blown across the room and considerably damaged, but not rendered useless."

The Remington Company also proposed to furnish this typewriter for exhibition if desired. The offer was at once accepted, and the typewriter is now on exhibition in the window of the Odell Hardware Company's store, with a copy of a letter from Capt. L. W. T. Waller. The machine has attracted a great deal of attention wherever exhibited, and will no doubt be an object of interest while it remains in this store.

DYSPEPSIA

"My wife suffered for many years from Nervous Dyspepsia, Sick Headache, Sleeplessness and Nervous Debility," writes John Kellies, Philadelphia. "We tried many physicians and numerous remedies, but with no results, until I heard of Johnson's Dyspepsia Cure. We bought six boxes, and the results far surpassed our expectations. She now eats and sleeps well, is gaining in flesh, and her color, which had got to be yellow and sickly, is now as fresh as when we were first married, and I tell her that Johnson's Dyspepsia Cure has made her ten years younger."

In the "good old days" a man's care for his health was marked by the completeness of the armor in which he locked himself up. It was very unhealthy in those "merry days" of jovial robber barons, to be outside of the steel case of knighthood. It was steel vest every hour of the day. In our times a man needs to be armed inside rather than out. The gentle germ is like love in that he "laughs at locksmiths." You can't lock him out, but you can make it so mighty uncomfortable for him that he'll be glad to get out and seek some other lodging.

The greatest protection against disease is a healthy condition of the stomach and other organs of digestion and nutrition. Health is the true armor against the germ. The health of the stomach and allied organs is assured to those who use Dr. Pierce's Golden Medical Discovery. It purifies the blood, strengthens the stomach, nourishes the nerves and gives new life to the lungs.

There is no alcohol or other intoxicant contained in "Golden Medical Discovery."

I used ten bottles of Dr. Pierce's Golden Medical Discovery and several bottles of "Pleasant Pellets" a year ago this spring, and have had no trouble with indigestion since," writes Mr. W. T. Thompson of Townsend, Broadwater Co., Montana. "Words fail to tell how thankful I am for the relief, as I had suffered so much and it seemed that the doctors could do me no good. I got down in weight to 125 pounds, and was not able to work at all. Now I weigh nearly 160 and can do a day's work on the farm."

The Sapphire Country.

Along the cool southern slopes and table lands of the Blue Ridge mountains in Western North Carolina, at an average altitude of 3,000 feet, is a country full of delightful surprises to the tourist, sportsman and health-seeker. No other state contains so many clear, cold and wonderful picturesque streams, so many grand water falls, such wide sweeping mountain views, and such beautiful lakes as the Sapphire Country, where until recently there was no provision made for the accommodation of visitors to this delightful section. Now, however, entertainment is offered on Lake Sapphire, Lake Fairfield, and on the summit of Mt. Toxaway, the view from the lodge there being the most extensive of any mountain point of vantage in North Carolina.

Parties desiring to visit this beautiful country can purchase round trip tickets to Brevard, N. C., via Hendersonville, where coaches convey you over good roads making the drive one of extreme pleasure. For full information call on any agent Southern Railway, or write R. L. Is It Right for an Editor to Recommend Patent Medicines?

From Sylvan Valley News, Brevard, N. C.

It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this remedy in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by C. E. Holton, druggist.

Fitzsimmons' Right Arm.

New York, July 31—Ex-Champion Fitzsimmons intends to undergo a difficult surgical operation which will settle his future career in the ring. His right arm, which was injured by Yank Kenny, his sparring partner, several months ago, is troubling him, and the surgeons will endeavor to set it to rights.

All weak places in your system effectually closed against disease by DeWitt's Little Early Risers. They cleanse the bowels, promptly cure chronic constipation, regulate the liver, and fill you with new life and vigor. Small, pleasant, sure; never gripe. Howard Gardner.

"Mom," squeaked the little pig, "I want something more to eat." "All right," grunted the old one; "I suppose you'll make a hog of yourself in spite of all I can say."

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chili Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price, 50c.

No, Maude, dear, because a native of Poland is known as a Pole it doesn't follow that a native of Holland should be called a Hole.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles on no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by C. E. Holton.

"What!" exclaimed the evangelist in a shocked tone; "he called you a liar? My friend, he'll surely live to repent it." "That's where you're wrong, parson," replied Faro Phil confidently; "when a feller calls me a liar he don't git no chance ter live ter repent it."

Hamilton Clarke, of Chauncey, Ga., says he suffered with itching piles twenty years before trying DeWitt's Witch Hazel Salve, two boxes of which completely cured him. Beware of worthless and dangerous counterfeits. Howard Gardner.

The Machias Sails for San Domingo.

Washington, July 31—The navy department received word today of the departure of the gunboat Machias from San Juan for San Domingo yesterday. She will probably get to the Dominican capital today.

Irritating stings, bites, scratches, wounds and cuts soothed and healed by DeWitt's Witch Hazel Salve—a sure and safe application for tortured flesh. Beware of counterfeits. Howard Gardner.

Quarrel Settled With Pistols.

Middleboro, Ky., July 31—Clellan Smallwood and his nephew, William Smallwood, met in a country road in Pike county Saturday and resorted to shooting to settle a long standing quarrel. The elder Smallwood was killed outright and the other will probably die.

"Our baby was sick for a month with severe cough and catarrhal fever. Although we tried many remedies she kept getting worse until we used One Minute Cough Cure—it relieved at once and cured her in a few days."—B. L. Nance, Prin. High School, Bluffdale, Texas. Howard Gardner.

Wigwag—"I hate the idea, but I consider it a duty to remind you of that fiver you owe me." Hardup—"Don't mention it, old chap; I'm glad to see you so faithful in the discharge of your duty."

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, 3. D. "I was taken with a bad cold, which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman. Trial bottles free at C. E. Holton's drug store. Regular size 50c and \$1. Guaranteed or price refunded.

"Line of Parade"

For the Firemen's Tournament was published in the papers with one exception, and that was, instead of stopping at the court house, they ought to have added: From there everybody will go to the Greensboro Pressing Club and have their suit or uniform neatly cleaned and pressed.

Now don't forget this. You will want to look neat and clean, so profit by the above. Phone 162 will get us.

To Be Repeated.

Tillinghast, which was performed so successfully last Friday night to a full house, will be repeated Thursday night, August 3rd, at the Academy of Music, so that the visitors to our city during gala week may have the opportunity of seeing and hearing the beautiful operetta, as well as those of our citizens who did not attend last Friday night.
